Mr. Shawaf Al Shawaf

“ We have evolved through decades to become one of the best KSA’s leading trading, construction, building, and integrated related solutions companies “

We've Proven

From a humble startup in 1986 focused on wholesale building materials trading and retail trade of merchandise, promotional materials, and the activity of selling books, the founder **Dr.**

Abdulmueeen Al Shawaf succeeded through an ambitious strategic vision to uplift his business by expanding into all areas of trading and contracting within the Kingdom.

Our story concerns excellence, passion, ambition, efficiency, teamwork, and efficiency. We harness the power of our long experience, stretching back over three decades, to deliver certainty for our clients. Inspiring ourselves from the great booming of the development march conducted by the custodian of two mosques, King Salman bin Abdulaziz and his crown prince Muhammed bin Salman, God saves them towards realizing the **Kingdom 2030 vision.**

For three brilliant decades, we have worked to establish deep roots in many diverse sectors in building materials, marketing of heavy equipment machinery, fit-out, furniture, and steel manufacturing, besides financial communications, activities related to art production, digital screens, event management, and other fields.

We at Al-Shawaf International Company are proud of the successes it has achieved in the various commercial activities that it entered with confidence and competence, which was one of the fruits of the expansion of the scope of the company's work and the spread of its branches in all regions of the Kingdom of Saudi Arabia as well as in the United Arab Emirates, Turkey, and China.
